

# 26 MINUTES

Become an expert in under a half an hour

Grow your business, understand the latest technology and become a solutions expert in less time than lunch.

At the Ingram Micro Business Transformation Center, we make solutions a reality. By connecting the pieces to help you envision what solution will fit best into your customers' business and enable you to tell a story about how technology can achieve powerful business outcomes.

We are hosting 26 Minute trainings which are offered virtually, that help you to understand technology, solutions and how to tell the story in less than 30 minutes.

One-on-one trainings are also available to you through the Business Transformation Center. Please [contact the team](#) today to set up a demo, training or virtual tour.

**NOTE:** Please click the course name to be taken to the registration page
