

Empower your remote workforce

Dropbox Business is a smart workspace helping teams work from anywhere, be organized, and stay focused

Get in Sync

Keep coordinated across your team

Easily access your team's work from your computer, mobile device, or any web browser. Keep your team's files and the conversations about them in the same place by connecting tools like Slack and Zoom.

Be Organized

A single organized place for all of your content

Get the flexibility to easily work and share from anywhere, on any device. See all your files and team folders right from your desktop, without taking up all your hard drive space.

Stay Focused

Avoid distractions and do your most important work

Surface the most relevant content at the right time. Machine intelligence suggested files and folders to help keep your team one step ahead. Find what you need faster. Search within images, the text within your files, or by the people you work with.
